

APG2025
Ancient Pathogens Genomics
International Symposium
UNAM Juriquilla, Mexico

April 12-13, 2025

UNAM Campus Juriquilla, Querétaro City, México

PRELIMINARY PROGRAM

Saturday, April 12, 2025

Time	Speaker	Affiliation
8:00 - 9:00	Registration & Coffee	
9:00 - 9:10	Welcome remarks	
9:10 - 10:10	Keynote talk: Christina Warinner Pathogen paleogenomics and the future of lost genomes	Harvard University
10:10-10:50	Session 1 - TBD	
10:50 - 11:20	Coffee break	
11:20 - 11:50	Anne Stone: The dispersal and consequences of ancient TB in the Americas	Arizona State University
11:50 - 12:40	Session 2 - TBD	
12:40-14:00	Lunch break	
2:00 - 2:30	Claudio Ottoni	Università di Roma Tor Vergata
2:30 - 3:30	Session 3 - TBD	
3:30 - 4:00	Coffee break	
4:00 - 4:30	Miriam Bravo López	Arizona State University
4:30 - 5:10	Session 4 - TBD	

Saturday, April 12, 2025

Time	Speaker	Affiliation
9:00 - 10:00	Keynote talk: Sébastien Calvignac-Spencer: Exploring two centuries of viral emergence and human intervention with historical pathology specimens	Helmholtz Institute for One Healt
10:00 - 10:50	TBD - Session 5	
10:50- 11:20	Coffee break	
11:20-11:50	Charlotte Houldcroft	University of Cambridge
11:50 - 12:40	Session 6 - TBD	
12:40-2:00	Lunch break	
2:00 - 3:30	Poster session	
3:30 - 4:00	Paul Frere: The use of Twist Bioscience Target Enrichment Tools for the Detection of Ancient Pathogens	Twist Bioscience
4:00 - 5:20	Session 7 - TBD	
7:00 - 10:00	Farewell Dinner
